

# WHAT ARE THE SIGNS AND SYMPTOMS OF CORONAVIRUS DISEASE (COVID-19)?

**Common signs of COVID-19** include **fever, cough, shortness of breath** or **difficulty breathing**. As the virus becomes more severe, the infection can cause pneumonia, severe acute respiratory syndrome, kidney failure and even death.

**If you experience these symptoms AND you have travelled to China and other affected countries** in the last 14 days **you should go to your nearest healthcare facility immediately** or call the national COVID-19 **hotline on 16000 for further assistance.**

**For more info. on novel coronavirus (COVID-19) visit [www.moph.gov.qa](http://www.moph.gov.qa) or call 16000**
